A Christmas Story

Swięty Mikołaj and the Sankta

On November 4, 1993, Canada issued a "Christmas Personality" stamp of the Polish equivalent of Santa Claus, Święty Mikołaj. This stamp was in normal panes of 50 (five rows by ten columns), and booklet panes of ten (five rows and two columns) with straight edges.

The same printed stamps were used in both formats. Regular sheets were perforated as usual; booklet sheets were perforated horizontally, but only alternate columns vertically. Every other column was gullotted to form the straight edges for booklets. Somehow a few sheets intended for booklets slipped into regular stamp stock. This created an error called "imperforate between".

794 PRISONERS OF WAR MAIL

September 9, 1810 postcard from a Schleswig-Holstein prisoner of war, held at Cambrai, France to the French Minister of War. The soldier, born in Cottbus, Oldenburg is asking to be given his freedom. It is likely that this soldier was captured in the 1809 Napoleonic Campaign in Austria where his regiment was part of the German Confederation contingent.

On the address side is a two-line hand stamp: P.272/Cambrai and the reverse: P.272 postage paid hand stamp. Free-franking privileges did not extend to soldiers in that period.

On the back flap, here above the address panel, is a double-circle 25 mm receiving postmark reading: September 12/1810.

In the left top corner of the photographed letter is a ledger entry, presumably of the Ministry of War: 94.3883/line 9-20c.
